An item was started by some one who knew no better and has been copied by many papers, that according to a new law passed by the Legislature a voter must pay his taxes before being allowed to vote at the coming November election. We have no doubt this law would work well, but no such law is in force and can not be until the State Constitution shall be changed. —Richmond Register.

A bill to submit the question of making the payment of taxes a requisite to voting passed the last Legislature and it will be voted upon at the coming election. The Constitution does not permit the innovation, until the voters ratify it, which we hope they will do. Taxation without representation is very repulsive to the average man. Representation without taxation should be made as repulsive. —Frankfort Journal.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skrum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25 cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by all druggists.

Hon. B. B. King, who represented Lincoln county in the General Assembly of Kentucky in 1895-96, has one of the most talented families of musicians in his county. For vocal or instrumental music neither of his seven daughters or four sons has a superior in all that section and together they constitute a choir that produces a concord of sweet sounds calculated to make earth seem like Paradise. He says that their musical qualifications come from his wife, but he used to sing they tell me, as well as he talks politics and religion, and that you know, means that his pedigree for music is not lacking in any particular. —Casey County News.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. G. L. Penny.

A Spin Through The Bluegrass.

A trip through the counties of Franklin, Woodford, Scott, Fayette, Jessamine, Mercer, Boyle and Lincoln Sunday to Stanford to visit our brother, E. C. Walton, disclosed a panorama of landscape and agricultural beauty not often seen in as many miles. The crops, especially corn, are looking remarkably well considering their chances, and the hills and valleys are as green and as pretty as in spring. The wheat shocks look a little lonesome, but even that crop is a fair one and no one will be forced to forego his biscuits in that section. Stanford is apparently taking on a new lease of life. A number of handsome buildings have been erected since our visit a year ago and a new laundry and a creamery are now doing a business which promises to make the promoters rich. It is to us a dear old town, around which cluster many happy associations and where live many of our best friends. Lincoln county is not all blue grass but there is a great deal of money in the county, as the statements of seven or eight banks show. As a general thing the people are well-to-do, spend no money that they do not earn, get a reasonable amount of happiness out of this life and do not forget to prepare for that which is to come. May they all read their titles clear to a mansion in a land that is even fairer than it is their good fortune to enjoy in this life. —Frankfort Journal.

The Busy Bee.

When you eat a teaspoon of honey you have very little notion as to the amount of work and travel necessary to produce it. To make one pound of clover honey bees must deprive 62,000 clover blossoms of their nectar, and to do this requires 2,750,000 visits to the blossoms by the bees.

In other words, one bee, to collect enough nectar to make one pound of honey must go from hive to flower and back 2,750,000 times. Then when you think how far these bees sometimes fly in search of these clover fields, oftener than not one or two miles from the hive, you will begin to get a small idea of the number of miles one of the industrious little creatures must travel in order that you may have the pound of honey that gives them so much trouble.

It may also help you to understand why the bee is unamiable enough to sting you if you get in his way. When one has to work so hard to accomplish so little, it is quite irritating to be interfered with. —Philadelphia Record.

Was In Poor Health For Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. G. L. Penny.

The oldest man in the world is said to be a native of South Africa. He is a bushman named Stuurman, who lives on the top of a hill at Stuurman's Puts, in the Prieska district, the farm being named after him. He is said to be 146 years old, and his second wife is more than 100. It is known for certain that 66 years ago he was a very old man, and he has a son who is more than 90 years old. He is one of the few genuine bushmen still alive. He retains a wonderful set of teeth, though they are worn down to the gums by a century and a half of use.

Stimulation Without Irritation.

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. G. L. Penny.

NEWS NOTES.

In spite of the drought which has checked work in many sections of the Kentucky oil fields the results thus far this summer have been up to the mark set previously and the recent heavy rains have relieved the situation considerably.

By the explosion of a case of powder in the hands of a gunner in the after superimposed turret of the battleship Georgia, in Massachusetts Bay, six men were killed and 15 injured. Not one of the persons in the turret escaped injury. Midshipman Faulkner Goldthwaite, of Kentucky was among the killed.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Penny's Drug Store.

According to dispatches, an armed clash, which it is believed will involve all Central America, probably will occur within 15 days. It is expected that the first battle will be between Salvador and Nicaragua. Gen. Lee Christmas, an American, has been appointed general in command of the Salvador forces.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now 85." Guaranteed to cure all sores, by Penny's Drug Store. 25c.

The man who talks about how hard he works seldom tells how well he does his work.

MIDDLEBURG.

Messrs. Elsie Gadberry and James Jones went to Stearns Sunday to play ball.

The six weeks old son of Mr. and Mrs. Jason Coffey at Yosemite is very ill, and is not expected to live. Much sympathy is being felt for these young parents.

Our farmers are busy in the hay harvest and the crop is said to be very good. The corn crop looks exceedingly well in this section, considering the slow start taken in early spring.

A cyclone on a small scale visited our neighbor town Yosemite, and behaved badly for a short while. The roof of Mrs. Rebecca Dye's house was blown off and Polk McAninch's apple orchard demolished.

Casey county has 5,243 children of the school age, so says the report of Supt. J. S. Lawhorn. At 17¢ per child, it will be observed that Prof. Lawhorn's salary is in the neighborhood of \$1,000 a year.

Miss Stella Compton at Lanham's, Miss Willie Fogle at Ellisburg, Miss Lula Adams at Turkey Knob, Mrs. Edna Sweeney at Chelf Ridge, Willie Watkins at Grove, Miss Mary Bryant at Peck. Mrs. Laura Lee will have charge of the school here but will not open before the 15th of August.

Sheriff Lincoln Wells arrested Rufus Maynard Monday morning and lodged him in jail. Maynard is charged with knocking nearly all the "stuffin'" out of Shel Thompson, and has been in hiding ever since. Mr. Wells got on his trail Sunday afternoon and followed it across the line into Lincoln county, and came on his game at an early hour Monday at Denham's mill. Maynard is a very bad egg and behind the bars is a pretty good place for him.

IN NEIGHBORING COUNTIES.

Mrs. Samuel Atkinson is dead in the Ringgold section of Pulaski.

Col. Fay McClure, of the Government Engineering Department of Washington, has arrived at Cumberland Gap, Tenn., and will take charge of the building of the government road through Cumberland Gap, which is to be commenced at once.

A dispatch from Breckinridge, Col., says: Attorney H. Clay, of London, Ky., to-day began suit against C. A. Finding, formerly a prominent business man here, for \$25,000 damages for the alienation of the affections of Mrs. Clay. A divorce was secured by Clay last November and he then sent word to Finding to get his gun. Finding fled to Denver and asked police protection. Clay has returned to Kentucky and ordered the suit started from there.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by all druggists.

THE prohibition bill passed by the Georgia Senate is a very drastic one. It is a double-barreled affair. One section seeks to drive the sale of liquor from the State, and another to put obstacles in the way of its shipment there. The latter section proposes to make the consumer take his shipment to the clerk of the Superior Court, have it stamped, and pay a tax of 50 cents a pint. Gov. Smith says he will sign the bill, if passed, and then the Georgia Colonels will find the commonest variety of rye as expensive as champagne, and as embarrassing to procure as a marriage license.

A STORY comes from Washington to the effect that it is proposed to ask Congress to pass a law authorizing the Government to acquire stock in the great interstate railways and other big corporations. The object would be to secure representation of the Government in the board of directors, thus obtaining another and still better method of control. It would also gradually result in Government control. This is Roosevelt trying to beat Bryan to it.

W. OWEN MCINTYRE, who made the Boyle County Herald a breezy sheet and was instrumental in the merger of the three Danville papers, is making his plans to start a paper at Versailles to be known as the Versailles News. Owen is a hustler in every respect and thinks no more of launching a paper on the newspaper sea than the average editor does about getting out his regular edition.

C. N. HASSELL, the man that John R. McLean beat for the gubernatorial nomination in Ohio and who left in mortification shortly afterwards for the wild and woolly West, is the Democratic nominee for Governor of Oklahoma and will be elected as soon as Roosevelt will let 'em vote.

It has been ascertained by a scientist that tobacco smoke has the effect of arresting the bacilli diphtheria and typhoid fever. This will furnish an additional excuse for the use of the weed, but usually none is necessary.

Dr. Edward H. Taylor, lawyer, physician and dean of Hastings Law College and of the University of California, has been elected mayor of San Francisco to succeed Eugene Schmitz.

A boom has been started for Secretary of the Treasury George B. Cortelyou, for the republican presidential nomination. James S. Clarkson, surveyor of the port of New York, and one of the most astute politicians of the Empire State, is back of the boom.

Democrats of Clinton county have been called to meet in mass convention at Albany to-morrow to nominate a candidate for Representative from the district composed of Clinton and Wayne. The nomination is conceded to Clinton county this year according to an established custom.

THE LINCOLN COUNTY FAIR.

Good Crowds, Magnificent Show of Stock, Perfect Order and Every Thing Lovely.

The Lincoln County Fair begun Wednesday under most auspicious circumstances. The weather was all that could be wished, the crowd was good and the show of stock the best mortal eyes ever rested upon. In fact the cream of the show stock is here and the horse that wins at the Lincoln County Fair will have smooth sailing wherever he enters. The grounds are in the pink of condition, the ring fast and "just right," while the spacious amphitheatres knock out Old Sol's hot rays. President Samuel T. Harris, Vice-Presidents M. S. Baughman, W. L. McCarty and R. L. Hubble, Secretary James F. Cummins, Assistant Secretary T. W. Pennington and the directors are working "over time" in their efforts to make the fair a success and make all feel that it is good to be here and right well are they succeeding. There are many kinds of amusements on the grounds but there never was a fair cleaner of immoral shows and gambling schemes, to the credit of the management be it said. The rankest enemy of the enterprise will admit that the fair is a success, while the more zealous declare that it is the best "all-round county fair" ever held in this section. Following are the awards to date.

22 acres of fertile land, excellently improved with a two-story frame dwelling, enormous stock barn, and never-failing supply of water, situated on the Coffey's Mill Turnpike 2 1/2 miles from Hustonville in Lincoln County, Kentucky, being the farm on which John B. Carpenter resided in his lifetime, will be offered at private sale for a limited time. The owners are non-residents of the State, and not being able to give their personal attention to the farm, have decided to sell it at a fair price. Women Inclined to Constipation

Women, owing to their peculiar functions, are prone to constipation, and many of their other ills are due to this congestion in the bowels which fills the blood with impure matter that permeates the entire system. In most cases foul breath, bad complexion, sick headache and such like ills are primarily caused by constipation or indigestion.

Women should be happy to learn of a remedy that cures constipation and indigestion, and that has such other ingredients as purify the blood and tone up all the digestive organs. This remedy is Dr. Caldwell's Syrup Pepsin, which can be bought at any drug store for 50 cents or \$1 a bottle. Women have been curing themselves with this remedy for sixteen years, and the offer of years ago still stands to-day, that you buy Dr. Caldwell's Syrup Pepsin with the understanding that it will do as claimed or your money will be refunded.

This great herb laxative compound is especially suited to the delicate system of women because of its gentle but prompt action. Its pleasant taste and its freedom from griping. It does not weaken like purgatives and cathartics, but builds up and strengthens. It is a guaranteed permanent cure and should be as steady in your home as in that of thousands of others. Women use it themselves and give it to children in preference to any other laxative because it is guaranteed to do what a good laxative should do, and does it gently. Mrs. Tyner, of 838 McLaren Ave., St. Louis, Mo., is glad to say that it cured her constipation and stomach trouble and recommends it to American womanhood. She is but one of thousands who are loud in praise of it. You who have never used it should begin to-day. You will date your freedom from sickness to the day that you start the use of Dr. Caldwell's Syrup Pepsin. Your druggist will sell you a bottle under our absolute guarantee.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee No. 17, Washington, D. C. **PEPSIN SYRUP CO.** 119 Caldwell Bldg., Monticello, Ill.

Never buy eggs of a dealer to fill up an incubator. This foolish practice is the cause of about half the failures among beginners, and it is high time for it to cease. Save the eggs from your own flock, if possible, or else engage them of neighbors or a poultryman who can be depended upon.

PLEASANT POINT.

Our district school began Monday, with E. G. Gilliland teacher. His brother Victor, also began a school near Stanford. R. J. Hogue went to Casey Monday to see his brother, Jim Hogue, who is very sick. We are sorry to hear that Miss Emma Routen is not improving after an operation in a Lexington hospital. Quite a number of the friends and neighbors of Robert Dishon surprised him with a birthday dinner Sunday. He was very much delighted to know they had remembered him on his 56th birthday. The table was bountifully spread and everybody enjoyed the day. Several Pleasant Point people attended Children's Day at Mt. Moriah Sunday and report a nice time. Misses Eva Walls, Della and Ethel Hogue visited J. A. Singleton at Waynesburg. Mr. Neal and grand-daughter, of Danville, were the guests of James Vandersdale and wife. Tom Gooch and wife, of McKinney, visited Geo. Leach and sister, Mrs. Wm. Murphy. James Taylor spent a few days with home-folks.

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass. says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by Penny's Drug Store. 50c and \$1. Trial bottle free.

One of our citizens, in delving among dates, finds that it will be 111 years from A. D. 1888 before three figures of the same denominations come in rotation again in datings—1999, and but one day afterward until it occurs again—the year 2000. It then appears regularly every 111 years for a period of 1,000 years, up to 2999 and 3000, where they jam up together again only a second a part, and so repeat itself every 111 and 1,000 years.—Mt. Vernon Signal.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

Some old coins in New York City have been bringing record prices. What is said to be the highest price ever paid for a gold coin was given for a doubloon which was struck in New York in 1787. It is one of five known specimens, its intrinsic value being \$16, yet it brought \$6,200. A dollar of 1804 brought \$3,600.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c, at Penny's Drug Store.

It was ascertained that the reason for the delay in the appointment of a new Council was due to the fact that difficulty is being found by Gov. Beckham in finding men both willing to serve and in accord with Mayor Bingham's policies.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

The thin, pale man in the large bathing suit, standing knee-deep in the water, sighed.

"Why," we asked, "are you so sad?"

"Alas," he answered "the sea is the grave of my first wife."

Our lip curled superciliously.

"But you married again," we murmured.

"Yes," said he, "and my second wife won't go near the water."

Hardin county has experienced the wonderful phenomenon of a shower of frogs. Near Nolin, during a heavy rain storm, frogs fell from the clouds by the millions. They were found over a territory two miles square, as thick as grasshoppers in a harvest field. They were small in size, green upon the back and bore close resemblance to bull frogs.

Constipation.

For constipation there is nothing quite so nice as Chamberlain's Stomach and Liver Tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price, 25 cents. Samples free. All druggists.

It has been discovered at Montgomery, Ala., that because of a mistake of a clerk, who wrote "years" instead of "months," Rhena Rivers, a girl, almost served out 20 years for a 20 months' sentence in the Alabama mines.
